

Nursery Newsletter

Children have all settled back remarkably well and have been very busy at nursery.

Looking back...

Based on the children's interests we focused on:

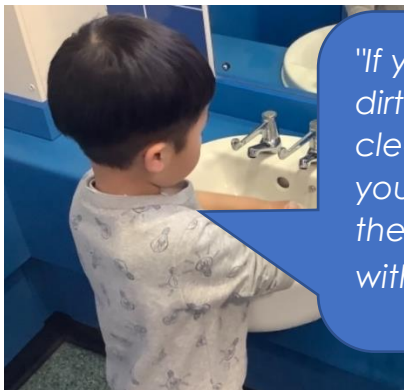

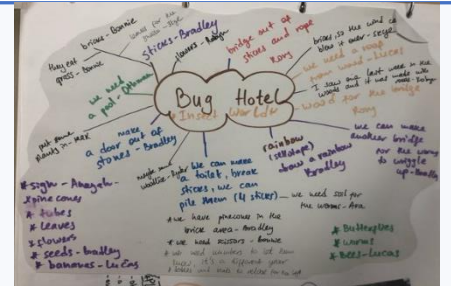

Handwashing – the importance of hygiene and how to wash our hands properly.

Babies- how to look after a baby. Comparing ourselves as babies to what we can do now.

Improving our garden- we made a plan to improve our garden and have planted flowers and vegetables. We made our own bug hotel and shared this with the P1s to help them make their own.

Spring- Spotting changes in our environment and in the weather.

We also celebrated World Book Week and we have started our Interactive Book Reading programme. For more information visit our [website](#):

"If you get your hands dirty you need to clean them. Just wash your hands with soap then that is it done. with."

"We wash baby's hands and hair"

"We want them to grow. When it rains they get a drink."

"I was making a story about Jack and Jill and I have some pictures in it. I love stories. My mummy reads stories before bed"

Nursery Newsletter

This term...

We will continue to focus on Spring and the change to summer. We will be continuing with our planting and exploring what plants need to grow.

Following on from our focus on handwashing and babies, we will look at how we keep our bodies healthy as we grow.

Our preschool children will look at transition from nursery into P1. More information about this will follow.

Our focus will come from the children's interests as the term goes on.

Celebrations this term

- Children's birthdays
- Cultural Diversity Day (21st May)
- World Environment Day (5th June)

Helpful Information

As we move into the summer term and the weather is getting warmer, please can you bring in a cap or hat to help protect your child. On sunny mornings, could you apply sun cream too?
