City of Edinburgh Council Catering Service currently adheres to the following approach in the provision of school meals:

- For all allergens we have supplied those listed in the product ingredients.
- Where a product has noted a contamination risk i.e. 'may contain' we have not listed these allergens, this information is available where required by discussing with the catering supervisor.

Please let your school know if your child has any special dietary needs/allergies.

You are required to complete a special diet request form which can be obtained from your school, this will be passed to the catering supervisor along with your child's menu choices.

This is required as the supervisor may need to make changes to the menu or use alternative products on occasion as a result of deliveries or product availability.
